RE: LETTER OF RECOMMENDATION FOR AAA BEE VERIFICATION AGENCY “AAA”

Richfield Graduate Institute of Technology (Pty) Ltd engaged AAA BEE Verification Agency CC (AAA) to undertake the B-BBEE Verification process from 2018. It gives me great pleasure to submit this recommendation on behalf of AAA. I would like to take this opportunity to thank AAA for the excellent and efficient services that were so willingly afforded to our company. The AAA staff were extremely professional and so pleasant at all times. They are very knowledgeable in this field and answered our numerous questions with ease and confidence.

Throughout the verification there were clear communication on deadlines and expectations. Where clarity was lacking, AAA was sure to provide further insight and direction accordingly. We would further like to give thanks for the assistance and support during our BEE audit and verification process. AAA's attitude and commitment to service goes beyond expectation and their rates are affordable; it is a pleasure doing business with them. We definitely received a cost effective, value adding service. Their punctuality was excellent and their ability to lead meetings and keep all stakeholders informed is admirable.

We really enjoyed your prompt response time and excellent feedback at the end of the process. We will be happy to recommend AAA to other companies and will definitely consider you for our next rating certificate.

Sarojini Ganas (Director)
