Letter of recommendation

We would like to thank AAA BEE Verification Agency ("AAA") for their dedication and hard work during our B-BBEE Verification. They treated us like we were their only client and ensured that as part of the verification we were educated and understood the various elements thoroughly. AAA ensured that we understood the evidence requirements and were extremely patient with us in the collation of our evidence and BEE file. AAA is very knowledgeable, especially on the requirements of the Amended Codes.

Expectations were clearly outlined thus ensuring the process is streamlined, enabling efficient completion of the verification process. AAA BEE Verification Agency always adheres to the agreed service level agreements ensuring that reports are delivered within agreed timelines.

They were friendly, helpful and extremely professional. I can honestly recommend their services and look forward to our next verification.

Kind regards.

Yours sincerely
